1. Summer Planting 2021 will be on Saturday June 5th. We'll meet at the Ziggurat at 9.30. The beds will be planted the following Thursday. This week we'll top up the compost. The watering list is done, all areas are covered by people who live nearby.
2. Replacement Tubs. We need to look out for replacement tubs, especially if we can find some made from recycled materials. The current ones are shrinking and losing the metal bands, so not lasting very well with our current climate.
3. Strimmer. We need an electric rechargeable strimmer.
4. Thursday work We now need to include the new community garden in the weeding list.
5. Mike and Lovaine Irving are retiring from the committee. Many thanks to you both for the decades of support.
6. North Yorkshire Locality money. The remainder lasts until the end of the year.

Any other business: A battery operated, two position strimmer will be priced.

Future meetings. The committee will meet four times a year in future, either in the Town Hall or a garden, depending on local rules.

The meeting was closed.
